

PROGRAMS IN OCTOBER, 2010

our cob oven

mini fire party on 16 Oct

Fire../CREATING, CONSUMING, TRANSFORMING

31 October 2010 (Sun, 9 am - 9 pm) at Embun Pagi, Batu Arang

Embun Pagi invites you to Part 1 of 'Celebrating the 4 Elements'. Our first round of day long celebration starts off with a homage to FIRE.

The morning kicks off with an outdoor cob kitchen building project. Cob is creative sculpture with a mixture of fibre, sand, and clay. The cob kitchen will be an added extension to our existing cob oven, which will be churning freshly fired bread throughout the day. Bring along some food to share for a potluck lunch, after which is followed by a tour of Embun Pagi and finishing touches to the cob kitchen.

In the evening, we will prepare food as a community, and finally the highlight of day - the fire celebration around the new fire-pit. Anticipate a night fuelled with dancing flames, music and laughter as our friends Gerda, Joachim (<http://www.feuerpoesie.de/>) and Juergen put up an enchanting fire performance.

All ages are welcome. Please RSVP to Sabina, ibu.embun@gmail.com

PROGRAMS IN NOVEMBER, 2010**12-Day Permaculture Design Course (PDC)**

23 November - 5 December 2010 at Embun Pagi

We have a full house for the November PDC. Our next course is in March 2011.

1-Day Introduction to Permaculture Workshop

20 November 2010 (Sat, 10 am - 6pm) at Laundry, The Curve, Mutiara Damansara

Join us for this 6 hr Introduction to Permaculture workshop by Greg Knibbs of Australia . There is no fixed participation fee, only donation of any amount. All proceeds will be channelled towards our Permaculture Education & Development Fund. Lunch will be available at Laundry, The Curve which has graciously allowed us to use their venue.

Teenagers and above are welcome. Please RSVP to Sabina, ibu.embun@gmail.com

PROGRAMS IN DECEMBER, 2010**7-Day Natural Building Workshop with Bamboo & Mud Bricks**

8 December - 15 December 2010 at Embun Pagi

Learn basic building methods with natural materials that are readily available and have low carbon footprint. We will introduce the basics of building with bamboo, adobe bricks, wattle and cob; while setting up the foundation of a small hut.

The workshop will be facilitated by architect, permaculturist and natural building enthusiast, Will Eastlake from Australia. Workshop Fee: MYR 500
For more details/ to sign up, e-mail ibu.embun@gmail.com
Also, check out for updates and workshop details on our blog soon.

Dear friends,
Nature calls for celebration! Embun Pagi and friends invite you to join us for a series of community events from Oct 2010 to Dec 2011; themed after the 4 elements - fire, earth, water and air.

Each gathering will honour one of the elements, through creative design and celebration. There will be mini permaculture projects to be involved in, glorious food to 'makan' as well as community fellowship.

The events are scheduled to take place once in every 3 months. Visit our blog, <http://embunpagi2009.wordpress.com> for timely updates.

The Childrens' Permaculture Garden Program

Our friends, Billie and Peng Keat of Moonriver Lodge who have 2 children of their own, are building a Children's Permaculture Garden - for the community, by the community.

They are organising a series of Permablitz where people come together to celebrate as community, and lend a helping hand in making this wonderful vision a reality.

Exciting thematic 'Gotong Royong's' have been arranged for each month, centering around permaculture concepts and designs. It's a great opportunity to learn from hands on experience ... and there will be informative permaculture video screenings too. Being offered at selected weekends, the events is open to all children and adults, with accommodation and meals provided, for a nominal fee. Children- free!

For more information, check out their website at: <http://moonriverlodge.wordpress.com>
